## **Dear Business Friends & Partners**

Our company in private ownership look back on successful decades. Since its establishments in the early 1970s, significant changes have taken place in the company. Qualified and motivated employees have in line with new developments and technology considerably expanded our company to new frontiers.

Being an innovative & well-established company, we offer our customers, at very competitive prices, the best quality in the fields of Building, Highway & Infrastructure, Offshore & Marine services, Hydraulics & Environmental Engineering, Water Well Drillings, Energy, and Consultancy works.

With regards to attaining ambitious entrepreneurial goals, we stepped forward into new markets in the Gulf region by founding subsidiaries and affiliated companies and by forming joint ventures with several European companies for better presence.

This documentation can only convey a passage of the variety of achievement performed both in Nigeria and abroad. This will offer you an insight of our efficiency and strength, which you may fully use to your advantage.

By increasing the quality of our performance, we will continue to work towards surpassing our clients' expectations and towards building lasting relationships with our clients.

We see our challenge in our endeavor to provide you with a competent, strong and reliable business partnership.

Enough said, here is to our future together!
